LIST OF ALUMNI BY CLASSES.....	49

## *Preface . . .*

*This Directory has been two years in the making. Dean Milton Green proposed it shortly after he arrived on the scene at the University, and his office has had several questionnaires sent to all the Law Alumni.*

*The answered questionnaires, the records of the Dean's Office, and those of the Alumni Director of the University were used as the basis for this Directory.*

*It includes the names and whereabouts, so far as we could ascertain such information, of all living graduates of the Law School. The class lists include the names of all living and deceased graduates. There is also a geographical section which, when used with the alphabetical list, will give basic information about the living Alumni of the Law School.*

*Every attempt has been made to make this Directory complete and accurate. If you discover any errors (and experience teaches us that they are bound to occur) or know of the whereabouts of any alumnus listed with address unknown, the Alumni Office of the University would appreciate immediate advice.*

Law Directory Committee  
St. Louis, Missouri

## F O R E W O R D

Since 1911 (the date of our most recent law alumni directory), various of our alumni have been heard to say, "We ought to have a law alumni directory." After some forty-five years of this, we are happy to present herewith an answer to that perennial request.

Your alumni association, executive committee and officers this year determined to at least start plans for an alumni directory. We appointed a committee chairman, Ralph Neuhoﬀ, Jr., to get the project rolling, with the hope that in a year or two we might at least be well along the way toward publication of a directory. We seriously underestimated the ability, determination, enthusiasm and resourcefulness, not only of Mr. Neuhoﬀ, but of Dean Milton Green, and the alumni oﬃce. Within a few months after the formation of the committee, lo and behold, a directory appeared.

Without the assistance of Fred Kettlekamp of the alumni oﬃce, of Mr. Neuhoﬀ's committee, and Dean Green, this publication not only would not be in your hands this year, but there remains a distinct possibility we would never have had one. Your association has had substantial and essential financial, secretarial and research assistance from the alumni oﬃce and the School of Law, and all of us are in their debt.

Your executive committee and officers hope that the directory, in addition to its obvious advantages and usefulness,

will have the effect of further solidifying our association into a useful instrumentality for the further strengthening of our School of Law. There are now committees organized and existing to encourage enrollment; place students; to assist students through scholarships; to maintain liaison with the school; to plan our annual meetings and dinners. It is hoped that this directory will serve to remind each of us of our continuing obligation to the School of Law, to assist it and maintain it as an institution for the teaching of law and the improvement of our society.

H. Jackson, Daniel,  
President, Washington University  
Law Alumni Association.
